SINCE 1901, INDIAN MOTORCYCLE HAS BEEN THE CHOICE OF RIDERS WHO MAKE THEIR OWN RULES

Indian Motorcycle believes there are many paths to finding your perfect ride. So we build a wide range of premium American motorcycles, equally inspiring to experienced riders and to those just entering the sport.

Our riders value a brand that is unique in motorcycling. The iconic design of our bikes combined with modern features enable them to stand above the crowd. As a brand who embraces a pioneering spirit in everything we do, we're proud to welcome any rider who shares the confidence to chart their own path.

INDIAN SCOUT

Our Indian Scout lineup delivers iconic styling and modern performance with the uncompromising attention to detail you'd expect from Indian Motorcycle. It's a classic American V-twin with perfect proportions, vibrant paint and premium finishes.

The lightweight design with smooth power makes Scout the most accessible model in our lineup. All riders will appreciate precise and confident handling from a cast aluminum frame, low seat height and ergonomically designed controls. Scout lets everyone experience first-hand what American craftsmanship feels like in a thoroughly modern motorcycle.

SCOUT BOBBER TWENTY

Iconic Bobber styling with a chopped rear fender and lowered suspension creates a slammed stance while mini-ape handlebars add a more relaxed riding position. Shown in Sagebrush Smoke.

MODERN V-TWIN ENGINE

The liquid-cooled, 1133cc V-twin makes a class leading 100 horsepower, delivering quick acceleration and plenty of power. Shown with accessories.
